

# **AUTHOR** MARGOT LEE SHETTERLY

**JOIN MARGOT LEE SHETTERLY**, author of the book *Hidden Figures*, now in release as a major motion picture, as she talks about the incredible, often overlooked story of the African American women who powered much of the mathematics behind the race to make spaceflight a reality.

**Wednesday, January 25th | 7:30 p.m.**  
**Loeb Playhouse | Stewart Center**  
**Purdue University**  
**Free | Open to the Public**

Event sponsors: College of Science, College of Engineering, The Graduate School, Black Cultural Center, the Departments of Mathematics, Computer Science, and Statistics, and the Schools of Aeronautical and Astronautical Engineering, Electrical and Computer Engineering, and Mechanical Engineering
